MARY COHR FACIALS

At the forefront in Skincare research, Mary Cohr is a unique brand that has made major strides in the science of Beauty, allowing Beauty Therapists to help women obtain exceptional results.

In just a short time, women can see the benefits and feel the changes in their skin.

CATIO VITAL YOUTH

Facial

£70.00 (50-60 mins)

A genuine alternative to Aesthetic Medicine.

This facial immediately targets the signs of ageing within the skin. This is a patented treatment method which restores the cellular energy of youthful skin.

The treatment can be customised, based on the clients Beauty Goals (anti-ageing, anti-wrinkle, moisturising, nourishing, softening, purifying, brightening, sun preparation/ repair...). At the end of the treatment, the skin appears visibly younger-looking, suppler, firmer and more radiant.

This facial rejuvenates the skin as it visibly appears younger-looking, suppler, firmer and much more radiant.

Catio Vital Lifting

£70.00 (50-60mins)

An immediate "lifting effect after the 1st session. Muscle stimulation visibly rejuvenates facial features. With age, we tend to use our facial muscles less frequently, causing the skin to loosen its tone and contours to slacken.

To maintain a youthful body, physical exercise is highly recommended. Similarly, to maintain a youthful face, the muscles must be stimulated to boost their activity and lift facial features.

Catio Vital Lifting is an exclusive Treatment method that lifts features by building muscle tone and rejuvenating the appearance of the face.

Features are lifted and contours re-sculpted.

Age Repair

£.70.00 (50 mins)

The spectacular effects of dermabrasion which target the signs of ageing.

Age Repair combines technology with exclusive techniques for visible results on signs of ageing. By targeting all levels of the epidermis and dermis, thanks to an association of powerful rejuvenating active ingredients.

Unique components used in hospitals, highly concentrated pure Vitamin C and 56 Active Biological Ingredients effectively boost cell activity to revitalise the skin.

The Hyaluronic Acid contained in the massage serum visibly fills in wrinkles and the Mask Releases Pro-Collagen to firm skin. The skin appears visibly more youthful-looking and the signs of ageing are reduced.

Dermo Peeling

£70.00 (45 mins)

The alternative to medical peels has been created by Mary Cohr. A new salon treatment that targets signs of ageing, skin tone and brown spots.

Genuine alternative to Aesthetic Medicine, this treatment delivers visible results and radiant skin in only 45 mins.

After your consultation your therapist will recommend the treatment best suited to you level of skin sensitivity. After the treatment the skin looks brand new! The complexion is luminous and radiant, brown spots are attenuated and the face appears visibly younger-looking.

Beaute Lifting

£60.00 (50 mins)

Immediate Lifting and Firming action which visibly reduces wrinkles.

During the facial a wrinkle Eraser is moved over the face targeting wrinkles. The biological action of the Hyaluronic Acid brings visible results after the in-depth action of the regenerating serum.

Massage with pro-collagen cream helps restore elasticity and firmness into the skin. The mask releases active Lifting, firming and contouring ingredients into the skin. It spectacularly diminishes wrinkles, restoring comfort to the skin and youthful and beautiful radiance to the skin.

This is recommended as an intensive 3-session treatment and or for a monthly maintenance.

Beaute Aromatique

£55.00 (50 mins)

A Personalised Treatment with Essential Oils for more beautiful skin.

Everyone's skin is unique with different Beauty needs. Your Beauty Therapist selects one or more Essential Oils, which release their beneficial properties deep into the skin, reviving its vital functions.

The therapist will customise a Natural Beauty Mask with 5 plant extracts and leave on for 10 mins. At the end of the treatment, the face glows with newly found radiance.

Catio Clean

£35.00 (30 mins)

A deep cleansing beauty treatment with immediate visible results on the skin.

In only 30 minutes, Catio Clean leaves the skin perfectly clear and beautifully radiant, with its patented skincare method.

This treatment deeply cleanses the skin, thanks to the heat emitted from the Thermoclean electrode and relax the face with the Beauty massage.

Optimally cleansed and detoxified, the skin is clearer and the complexion more luminous after this pleasant 30 mins treatment. The skin can breathe freely again and is more receptive to the subsequently applied products.

Recommended Treatments are once a month for all skin types and up to twice a month for oily skin.

Eye Repair

£40.00 (40 mins)

This is a specific eye contour care treatment which smooths away wrinkles and fine lines and help diminish dark circles and puffiness.

The thin and fragile skin around the eye contour is more susceptible to signs of ageing, puffiness (water retention) and dark circles (poor circulation).

Upon application, the concentrated active ingredients penetrate the skin and stimulate the cell renewal process.

Then with unique massage performed, helps to drain and tone the eye contour area. The eye mask offers instant lifting action thanks to its skin tensor effect.

At the end of the treatment, wrinkles and fine lines are attenuated, while dark circles and puffiness are diminished. The eye area looks more luminous and youthful.
